

SKILLED AND TECHNICAL ENHANCED DIPLOMA APPLICATIONS

- A. Student must have a cumulative grade point average of 3.0 or above in all classes.
- B. Student must have successfully completed five semesters of Applied Technology classes in a minimum of two (2) Applied Technology disciplines in grades 10 - 12. A minimum GPA of 3.70 in these Applied Technology classes is required.
- C. When the student has successfully complied with the above criteria, the student may apply for the Applied Technology Letter by successfully earning 60 points from the three areas listed below. Summaries and/or documentation of each item completed must be submitted at the time of application.
 - 1. Applied Technology Competitions: A student will be able to earn 20 points by attending and competing in an Applied Technology (ATELO) competition. If the student places/ranks within that competition the student will receive 20 additional points for that competition. (No more than 40 points may be earned in this area.)
 - 2. Student Awards: Receiving one of these prestigious awards or honors, the student will receive 20 points. (No more than 40 points may be earned in this area.)
 - 3. Applied Technology Educational Leadership Organization (ATELO) Membership/Leadership: As a member in good standing of appropriate ATELO's (TSA, VICA, FFA, DECA, FBLA, FCCLA) 10 points will be awarded to those who serve actively in officer/leadership positions for their complete term of office. A student may also earn 10 points by becoming a committee chairperson for a planned activity, and a student may earn 10 points for working actively on club service projects (4 hour min.). (No more than 40 points may be earned in this area.)
