

Volleyball games will now be ticketed to our fans. Our stadium can only be filled to 25% of capacity due to covid-19 pandemic. Each player's family can purchase up to 4 tickets each and students are allowed 1 ticket each. Because of the limited number of fans, we will also be live-streaming the games each week. Anybody can also just go to live.ksl.com at any time and find it on the schedule there.

Tickets can be purchased by going to <https://rivertonathletics.com/> and clicking on the tickets box at the top right corner of the page. Follow the sign in directions from that point and then bring a printed or electronic copy to the game. The general public will follow the same process but will not need a code. Students wanting to attend the game will need their student ID number to enter in the passcode. This will unlock your student section where you can purchase 1 "free" ticket.

Please wear your face mask during the event and maintain a 6 foot social distance between you and people not in your household. Please sit in your assigned section for the ticket you purchase. This will be used for contact tracing purposes. All fans will enter through the south/east doors in the building.
